“ *wl remember Concetta as a kind Loving person. When we were camping enjoyed her visit and desserts she brought us. Also the pizza we shared when we came to see her. We really enjoyed her visit while in New Haven. R.I.P. CONCETTA.*

“ *Connie we shared a friendship of a lifetime. From the time we first met we shared a special bond. Neither one of us made any bones about speaking our minds or telling it like it was .*

We worked together at Soundsciber. Younger people certainly don't recognize the name of the first dictaphone ever made.

Every year we travelled to Cape Cod, along with Angela (Mom) and Priscilla.

We cruised to Bermuda and other islands twice.

And don't forget the get togethers with the salesmen from California and the government officials who visited periodically.

We lost touch for a few years as we both secured other jobs, but soon caught up.

Our love of dogs is unconditional and was one of our strongest bonds.

I will miss you my dear friend.
