“ My sincerest sympathy on the loss of your Dad. I was not only a patient, but also knew him. His brother, Gerald, worked with my husband and lived with us awhile. He was such a wonderful man and I know that you will all miss him very much.
God Bless

“ I cannot tell you how devastated I am by Noel's passing, as I know all of you are. My Mother, Marie DiBiaso, was his nurse (and as your Mom called her)his "watchdog" for 30 years!! I cannot share his loss with her as she has Alzheimer's disease (which I know you are all to familiar with).
I send deepest love, hugs and tons of tears, not only on my Mother's behalf but for myself as well. Cathy Contessa

“ Helen and I send our deepest sympathies to Noel's family and friends. We don't have to tell you he was truly one in a million. We thank you for sharing him with us over so many years.
Noel did so much for our specialty of Obstetrics and Gynecology. His contributions will never be forgotten by those of us that loved him. His legacy will survive, in NEOGS, for many years to come.
He will always occupy a special place in our hearts. We miss you already, my friend.
