“ I am Dorothy's first cousin, Joan, her mother, Rose's, niece. My father was Dorothy's uncle George.
I knew dot my entire life. She always came to our family picnics and gatherings at my parent's home in North Haven. My father and dot even drove cross country in 1978 to get my car out to San Francisco while I was doing graduate work . they had a good adventure. Dot was always fond and respectful of her uncle George, who died one year ago one. She was at his funeral. I had spoken to her a few months ago reflecting upon the wonderful photos we shared of the zymajtis family members.
I will member dot for her keen intelligence. I was startled to learn of her sudden passing and sad that her mother's family members were not contacted about her recent illness and her passing. I will remember her dedication to staying in touch with my father and me throughout her life. May she rest in peace in God's loving hands surrounded by her departed family and friends.
With love,
Joan

“ I have valued the friendship Dot & I have shared over these many years. Although we attended the same high school in New Haven, I really got to know her when she moved to Chicago. We both worked at Passavant Memorial Hospital and enjoyed a great friendship which continued through these many years. A great memory was seeing her joy in learning how to drive a car on the Old Soldier's Field in Chicago...followed by driving through the winding streets on the north side of Chicago. She then bought that car and immediately headed east. We have had many great phone conversations since. I will miss hearing her voice.
