“ Estelle was my aunt but being only 5 years older, she was more like an older sister! I loved her and looked up to her for her intelligence and kindness. She was always interested in everyone and everything! Her memory was incredible and she took great joy in writing about those memories which I would type up for her! Estelle never complained about the fact that her hearing and sight were terrible burdens to bear. She loved all of us but we loved her as much or more! There will not be a day that I won't think of her and miss her! My heart hurts but my head keeps telling me she's at peace! I'm sorry I can't be with all of you at this time but know that I care and send my love and sympathy!
