“ *The very first time I met Ken I was working at a Saab Dealership in New London, CT. One day this affable guy drove into our Saab Dealership in a BIG red Thunderbird. That car became a running career long joke between Ken and I over the course of our careers. I later left the dealership and went to work at Saab along with Ken and so many other wonderful people.*

Kay.....Valerie just made us all aware of Ken's passing. Please accept my heartfelt condolences. Ken was such a wonderful guy and a mentor to so many of us younger guys when we all started out at Saab. I don't know if you'll remember the first time I ever met you with Ken.....but let me refresh your memory. It was at the upstairs bar at the Portofino Hotel in Redondo Beach, California. I certainly wouldn't attempt a guess at the year but I'm thinking the mid to late 70's???

We all have such wonderful memories of Ken and it was great to be able to see him at the Saab reunion some few years back. May you be comforted by the many years you spent together and in knowing that Ken was loved and treasured by so many of his friends, peers and colleagues at good old Saab.

“ *Kay and family,
I was saddened to hear of your loss. The pleasure was mine meeting Ken along with Kay when I did service work in the house in Hamden. Ken may be gone from this world but he is now in the Lord's kingdom and will never be forgotten. He was in my prayers when I attended service this morning. May he rest in peace.*
