“ Yes, I dad do something fun. I went swmiming at Wet n'Wild water park and talked to you while I was on the way with a bunch of kids in the back of the pickup with Abby, who went with me too. I did a pretty good job with the backstroke. I think the kids are about to beat me at swmiming, so I hope I can hold up a little longer. I remember I didn't do such a good job when Darla was at Ft. Coob Lake, but an old indian helped us out, and I gave hime all the watermelons I had. I'm still growing tomatoes, green beans, squash and cucumbers. I hope I don't have to reward anybody with melones (cantaloupes) or sandias (watermelons), because they don't grow too good in El Paso, although I trying my luck again at pumpkins. Anyway, thanks for the memories, son, but remember; mine's the 10th, and your's is the (seven)teenth. Love always, Dad.

“ I've known ken since the first day of first grade at Assumption school in fairfield. We went to high school together and played sports together. We did all the things 17 year old kids shouldn't do - together. We shared many great times. Although I hadn't seen him in many years, I'll always consider him a dear friend and I'll miss him. I only wish we could have had one last beer to talk about old times and hear his infectious laugh. Please accept my sincere condolences to you all. He was a great guy.

“ Dear Marilyn, Justin, Kenny and Jordan. My deepest sympathy. Your husband and father was such kind and gentle man and it was my good fortune to be his nurse. It took such a short time to get to know and admire him. He was so immensely proud of all of you and spoke of you with such love. Knowing him for a short time at the end of his life has had a profound effect on me. He had courage and faith knowing that his days were drawing to a close. His strength allowed him to reach his end with dignity and grace..the way I imagine he lived his life. The love of family is an incredible gift. May you each find the strength in yourselves and in each other to continue on knowing that he'll always be with you. May you be comforted by the fact that though he was taken much too soon, his life was so meaningful because of the love of his family, his many friends and, of course, his Lily. Thank you for allowing me to witness that love. Most sincerely, Cathy
