“ *I remember when I first met Kim it was during an interview, we laughed and talked about each other's lives. Then she said Renee I cannot hire you because I'm afraid that you will not stay. I ensured her that I would. Long story short her counterpart Linda did and I am still working with that doctor seven years later and have had several conversations with Kim since. She loved her family and enjoyed her work. I will truly miss her words of encouragement and wisdom. Love Renee*
