“ Dear Etter family...i was so sorry to read of Lil's passing...i worked with her for many years at The Yale Health Plan...she was a wonderful woman...had a great sense of humor ... never got upset when i had to change the diet list for a patient in the infirmary, which was quite often....she took everything in stride...may she rest in peace...

“ My thoughts and prayers are with everyone in the Etter family during this very sad time. I was not born in the Etter family but joined the family when I was 12 when my father married my stepmom (Jackie) and from my first holiday dinner at Lillian's (Grammy's) house she made me feel like I was part of her family. She was such a caring, kind hearted, sweet woman who was always smiling. Her home was so welcoming and I can remember all the holiday dinners growing up...it was like the "spot" that would bring everyone together. In a time of sadness it is nice to speak of a memory that can put a smile on a family members face and one memory that always makes me smile and laugh is when I was young the family was in Boston for an occasion and it was me, Jackie and her mom and we were waiting outside for a cab when all of a sudden it started to rain. Well Lillian loved her hats and that day forgot to wear one and started looking around and found a plastic grocery shopping bag, picked it up and wrapped it all around her head like a bonnet to keep her hair from getting wet. I laughed so hard as we stood there trying to wave a cab down while she was standing with a grocery bag wrapped around her head and she was laughing away!! I can still see her face like it was yesterday. I am sure everyone in her family has so many wonderful memories to remember her by and I consider myself lucky to have some too. With all my thoughts and prayers, Jennifer Murphy.
