“ Meg was one of those people who knew everything about the Hamden schools and the education programs. She was dedicated in her pursuit of making education of Hamden's students better. And, in that pursuit, she attended 1000's, yes 1000's, of Board of Education meetings. She was very helpful to me when I was first starting out in PTA leadership and I'm sure she helped others. She had a balanced outlook on any situation. My condolences to her family. She was a "gem" of a person. Elaine Dove
