“ *To my dear cousin Rita and the entire Cassan Family, I'm so very sorry for the great loss of Mike. When I think about the nicest people I've met I often think of Mike. He always fit right in with the Mancini Family and I always looked forward to talking with him when we gathered. My heart is with you during this time & I send love & sweet many memories of Mike and even our childhood together as cousins too. May his memory always been a blessing in your heart. “ I just heard of Mike’s passing. Mike was my boss at AT&T after Rita retired. Mike was always there for me and my coworkers for any and all reasons.

Mike also had us out to his house every year for a cookout, something all looked forward to.

Mike was just a wonderful person.

My deepest condolences to Rita and the rest of Mike’s family. He will be missed by all who had the good luck to know him.

“ I’m am very sad to read this news. I had the honor, and the great privilege to work for Mike during an interesting time in my life. I was diagnosed with MS, bought a new home, got married, and had a daughter. And programming was new to me and a bit intimidating. Mike made me feel protected and talked to me always offering to act as a mentor, a colleague, and a dear friend. I know he loved his family a great deal and as a young person, he was someone I wanted to emulate. I remember how excited he was when he found out his son was having triplets. His excitement, his humor, his graciousness were all contagious. If I could be half the man he is I know I’m ok. Mike came to the church at my wedding. Small world I sat behind Sarah in contempt class in west haven high school back in 1993. I am so sorry for your family’s loss! My heart is heavy I know he was a good man! Rita, I am so sorry. I vented in Facebook recently about my job and mike reached out to me to say hang in there. I told him I miss you boss! I hope your family are all ok.
