“ I met Paul while attending IDPA at Hamden Fish and Game. We made good friends and shared many good times. I was fortunate to have shared his company twice at the Front Sight shooting school in Nevada. I never saw him happier than when he was there. I am lucky to have called him my friend. He will be missed. My condolences to the Gontarski family.

“ It’s with great sadness that we all took this news of hearing that our friend and local 90 brother has passed away.
Paul was a true local 90 brother and over the years helped so many get through a very bad down turn with supplying work when we needed it most.
I had the pleasure of being with him on one project and saw him train and mentor Lou N as a apprentice who is now one of our finest Mechanics now.
I had the opportunity to work with his Daughter Katie at the science center and know seeing her talents and kindness and dedication that her father had to have a big hand in all that.
Paul will be missed by us all and we all send our love and support to his family at this time.

“ Paulie was always so happy and enthusiastic to be involved in IDPA at his club Hamden F&G, and was especially proud of having run IDPA for many years.

He was an inspiration to all who participated with him.

And occasionally, after the shooting was done, could be heard asking---"are we going to Odie's after, for pizza and beer"??

That would make the day complete!!

I'll miss ya buddy!!
