“ As many here I had the great pleasure to be in Peter's orbit and get some real community work done as a result. He worked extremely hard for his constituents regardless of his position, which on the surface seems special but in fact was just normal for Peter.

“ I have been a resident of Hamden since I moved here in 1985, and when I first moved in, early one summer evening, my doorbell rang, and it was Peter Villano at my door welcoming me to the neighborhood. Come on, who does stuff like that anymore. The mayor of the town ringing my doorbell to welcome me to the town. I was so impressed and never forgot his thoughtfulness. That was a one-time thing and never happened again, just like Peter, he was one of a kind and never to be duplicated in the way he related to the citizens of Hamden.

“ Dear Florence and Victoria
We are so sorry for your loss. Peter was an absolute inspiration to so many of us. His range of experience , both publicly and personally was varied and extraordinary. Most importantly from our point of view was his gifted ability to live his life with heart, sincerity, passion and wit. He was in short truly amazing and will be missed. We will never forget this extraordinary man. Gina and Kari

“ *Memories come rushing in. The brothers my Father was lucky enough to have - always thought of and included as one of the family. Backyard picnics, gatherings in Mulberry Point - the stories were endless So proud to have been a part of his Inauguration Day into the CT State Legislature. Dad was proud to serve "Uncle Pete" in the Hamden Town Hall. Guess the boys are back together up there - drinking a Hulls and reminiscing about the days growing up in The Hill. Hold tight to happy times and remember the joy shared.*

“ Dear Florence.
What a great life.
And Peter wouldn't want it any other way.
You're a big part of his remarkable journey. And quite a public servant yourself.
With fondness.

“ My favorite Mayor to work under. Peter was truly a class act. He loved Hamden
and you always could tell that he wanted to do right by the citizens of the Town. I
look back fondly on those years. To Florence, sending my love and my

“ Peter was an amazing voice of reason in the state legislature. He led the legislative efforts to remove private insurers from Connecticut's HUSKY program in 2012. That change has significantly improved access to quality healthcare for a million state residents and saved taxpayers billions of dollars. He only cared about what was best for people, was a joy to work with, and he is dearly missed. His work will live on.
