

Sally Kipphut

April 10, 1928 - December 2, 2022

Sally (nee Alice Haynes) Kipphut, 94, passed away December 2, 2022 at the Marbridge Assisted Living facility in Cheshire.

Sally is now at peace, joining her husband George, son Tom, daughter Karen Lengyel, parents Frank and Lenore Haynes and sister Marilyn Piccolo. For much of her career, Sally was a teacher/special education aide in the elementary school system of the Town of Hamden. She truly enjoyed her job and cherished her colleagues and students.

As long as Sally could still lift a hand, she would lift it to help someone else. Anyone who knew Sally knows that her friends meant everything to her, and in her eyes, all her friends were family. Thanks and love go out to all those who likewise considered her family and treated her that way. She led a fun-filled and rewarding life due to your kindness, assistance and caring

Sally was born in New Haven on April 10, 1928 and called Hamden her home since elementary school age. She loved Hamden so, and never let an opportunity pass to tell people that she lived there. She created wonderful memories for family and friends with her upbeat attitude, interest and support.

There will be no formal services for Sally at this time, with a celebration of her

life to be held in the future. In the meantime, her surviving children George Kipphut III (Claire Fuller) and Christine (Steve) Furstoss, her six grandchildren, one great granddaughter, brother Frank (Evelyn) Haynes and her nieces and nephews ask that you have a Manhattan, scotch or vodka and tonic, sit on your porch, and remember the fun and laughter that we were all blessed with by having Sally in our life.

“ I just saw her home listed on realtor.com, what a transformation. Back in 2019, or maybe 2020, I found Alice sitting by the curb by the Wells Fargo bank at the Plaza. She was by herself, and a bit bloodied from a fall. I asked if she was alright, she was. And I asked if she needed help. No help, just needed to get home, and her ride left her. I asked where she lived, told her I'd be a minute in the bank, and if she needed a ride, she had one. She spoke of her family on the way home, and how proud she was of her trips to upstate New York/Saratoga. Her daughter had a secretary, you know! I got her home, replaced two light bulbs for her, and left her my name and number, if she ever needed help. Nice lady. She'd love to see how the home turned out. It's amazing.

“ Sally was a regular on all our bus trips to the casino, both Foxwoods and Mohegan. Even though she had vision problems, she always seemed to find the winning slot machines. She was always upbeat and full of life. She is missed by all her gambling friends.
