“ My wife and I were saddened to hear about Sandy's passing. She truly was a ray of sunshine in our office. She made our Hamden branch a better place for all those around her – she was always positive, with a warm smile and often funny remark. We appreciated the way she treated others with kindness and sincerity. She spoke with such a glimmer of pride when talking about her family and it was clear she had a lot of love in her life. Our sincerest condolences to her family. She will be greatly missed

“ I'm so sorry to hear of your loss. I always enjoyed talking to Sandy during my appointments at Retina Eye Specialist. She was a lovely person to talk to especially with our common bond to a local dance studio my daughter and her granddaughter danced at. You are in my thoughts during this time.

“ It has taken me a few days to be able to sit down and write this because I still can't believe Sandy will no longer walk through the doors of New England Retina with a smile on her face, announcing to everyone that she is ready for more fun and carrying her "precious book of notes" . How we will all miss her sense of humor, her sarcasm, her ability to makes us all laugh without even trying, her love for everyone, and her constant willingness to always help. Sandy worked directly for me for the past 4 years and I am more than sad. I am heartbroken. Everyone that worked with Sandy loved her, and our patients loved her.
One thing for sure is that she loved her family, particularly all of her grandchildren who she spoke of fondly every day.
I will forever miss this wonderful woman. I hope she knew how much she was loved by us all!
My condolences to all of her family.....Rest in peace Sandy.....

“ I was so shocked and saddened to hear of my cousin Sandys passing. I have many fond memories of our times together at our grandparents farm in North Branford. The Holabird family was large back then and very close but we did lose touch over the years. Sandy was the one cousin I did see at the rink watching our kids and grandkids playing hockey! Boy did she love her family! I Lao used to talk to her a lot when she worked for Dr. Haffner as I worked for an Optician and needed their prescriptions. We always caught up on how everyone was doing. I'm sorry I didn't know how things were for her in the last couple of years. My condolences to her children, grandchildren and my cousins. Love Laurie Holabird Wagner
