“ I can't say enough about what a wonderful neighbor and friend to our family Mrs Balzer was. From the time we were growing up on Lewis Rd until we finally left our home across the street she was always there when we needed her. She was such a great support to our mom when she was sick and was always there for a medical question with the children. I don't know how many times I ran across the street because John had some injury or Morgan jumped off of something. She was always there to reassure me it wasn't to serious. We meet many people through our lives and there are those who truly leave a special place in our hearts. To Pat, Therese & Peggy your mother was one of those people.
Love Ginger
